

## Karoma gets Googled

Karoma treatment lounge based in Marlow specialises in providing Ancient Therapies for Modern Lives. Karoma is an oasis of tranquillity and a place to relax and enjoy a range of massages, facials, reflexology and holistic treatments. Not the place for high tech or computers but with a small piece of useful software, **the elevation factor** has been able to help Karoma on to the front page of Google.

Surprisingly it is Google maps. This is a FREE listing that is provided by Google and allows you to enter details on your business and the services you offer. Then when someone types in “massage Marlow” they are presented with a list of local businesses in their area in the form of a map. This map comes on the front page and pushes down any other listings.
